## **SUMMARY**

Aspiring Software Developer and recent B.Tech graduate (Data Science, 2025) with a strong foundation in front-end technologies including React, JavaScript, and Tailwind CSS. Completed the AICTE Eduskills – Web Full Stack Virtual Internship and Google for Developers – AI-ML Virtual Internship and built scalable projects using real-world data. Quick learner with a passion for solving problems, building UI-rich applications, and continuously growing as a developer.

### TECHNICAL SKILLS

Programming Languages: JavaScript, Python, HTML5, CSS3
Frameworks/Libraries: React.js, Redux (Learning), Tailwind CSS

Tools/Platforms: Git, GitHub, VS Code Other: Responsive Web Design, API Integration, ML Basics

# **PROJECTS**

Amazon Clone April 2025 - Present Tech April 2025 - Present HTML5, CSS3

- A Responsive Frontend clone of Amazon
- Utilized product listings, add-to-cart functionality, and user login UI.
- · Achieved Deeply Frontend Knowledge.

Tic Tac Toe GameMay 2025TechHTML, CSS, JavaScript

• A fully functional Tic Tac Toe game using vanilla JavaScript for game logic and DOM manipulation.

- Designed a clean and responsive user interface with HTML and CSS to ensure smooth gameplay on multiple devices.
- Implemented interactive features like player turn indication and win/draw detection for an engaging user experience.

#### EXPERIENCE

Self-Learning Projects Jan 2024 – Present

Self-driven learning and practical implementation

- Built multiple Frontend apps using HTML, CSS, JavaScript, and React.
- · A Currency Converter Project leveraging APIs for dynamic data fetching.
- Used Git and GitHub for version control and project portfolio management.

## React Developer (Freelance/Personal Projects)

April 2024 – present

Focused on building dynamic, responsive web applications

- Developed responsive user interfaces with React.js, focusing on reusable components and effective state management.
- Built a Minor Single Page Application (SPA) using React Router to implement client-side routing and improve user navigation.
- · Emphasized responsive design and usability, applying Tailwind CSS and Push on GitHub for Code Track.

#### **EDUCATION**

Galgotias University
Bachelor of Technology (B.Tech) - Computer Science & Engineering

St R.C Convent School

Senior Secondary **And** Secondary (CBSE – 12th and 10th)

Greater Noida, India Oct 2021 - June 2025 Shamli, India Mar 2021, Mar 2019

## **CERTIFICATIONS**

- AICTE Eduskills Academy Web Full Stack Virtual Internship Dec 2024
- Google for Developers Al-ML Virtual Internship Mar 2025
